ITINERARY

Day 1 Le Brûlé - Plaine des chicots

Welcome to Réunion Island! We will meet you at St-Dennis. Morning transfer to Le Brûlé followed by a little preparation time. Then the hiking begins; you will quickly find yourself deep in the humid rainforest climbing up through enchanting dense vegetation. Take time to enjoy a picnic lunch under the acacia heterophylla trees when you reach your accommodation. 300m up from here you can escape the undergrowth and find particularly spectacular views to the ocean.

3 hours of walking

Elevation: +680m/-60m

Accommodation: Gîte

Night without luggage - you will be reunited with your bags tomorrow at Dos d'Âne.

Day 2 Roche Ecrive - Dos d'Ane

Early morning departure for the summit of Roche Ecrive (2 277 m) - a rugged peak which dominates the cirques of Mafate and Salazie. Return to last night's gîte to collect any belongings before continuing towards Dos d'Ane. The path meanders through a beautiful tropical forest which is home to the last Réunion cuckoo-shrike (*Coracina newtoni*). The route continues along rugged ridges to Roche Vert Bouteille and Dos d'Ane.

7 hours of walking

Elevation: +560m/-1430m

Accommodation: Gîte

Your luggage will be waiting for you.

Day 3 Dos d'Ane - Rivière des Galets - Grand Place

Prepare yourself for three nights without baggage and a challenging day's hike. Today's trail follows the exposed riverbed of Galets river towards the Cirque de Mafate, a very different route to the rainforest canopy-covered paths of before. Continue past the Deux Bras where 'two arms' of two different rivers merge and cross the river, a challenge which may involve taking off your shoes... The entry to the cirque de Mafate, with its fabulous views, is superb. From here you leave the river bed and begin a steep climb to Grand Place where you can relax and enjoy a show of changing colours as the light dims and the sun sets.

7 hours of walking

Elevation: +960m/-1050m

Accommodation: Gîte

Night without luggage - you will be reunited with your bags in Cilaos on Day 6.

Day 4 Grand Place - Roche Plate

Today's hike features Cayenne and the hamlets of Les Orangers and Les Lataniers. The route crosses the Galets river via a footbridge and then begins to climb. This uphill section has some steep slopes and sunny stretches so be sure to carry plenty of water - water sources can be few and far between on Réunion Island. Discover a natural window at the edge of a cliff and pass through (there is a handrail) for a breathtaking cliff-top view.

6 hours of walking

Elevation: +1200m/-870m

Accommodation: Gîte

Night without luggage - you will be reunited with your bags in Cilaos on Day 6.

📍 Day 5 Roche Plate - Marla

Discover Trois Roches and a surprising waterfall top view of the river and its distant, inaccessible waterfalls. With this angle overlooking the riverbed it is easy to imagine how the stream can transform into a torrent during cyclonic flood. Explore volcanic features at the base of a 1000m cliff which forms the cirque and follow the riverbed up to one of the roadless region of Réunion Islands delightful settlements, Marla (1630m). This route involves crossing the river two or three more times.

5 hours of walking

Elevation: +900m/-380m

Accommodation: Gîte

Night without luggage - you will be reunited with your bags in Cilaos tomorrow.

📍 Day 6 Marla - Cilaos

Today you hike through the col du Taïbit (2083m), the passage which links the Cirque de Mafate to the Cirque de Cilaos. The views from up here do not disappoint, on a clear day you can expect a spectacular display of the surrounding cirques, the south coast and Grand Bénare volcanic peak. The route continues down through the thick vegetation of the 'Bois des Couleurs' to Cilaos. From here, it is a 15 minute local bus or a 2 hour walk via the Bras Rouge (Red Arms) waterfall to your accommodation.

4 hours of walking (or 6)

Elevation: +495m/-850m

Accommodation: Gîte

Your luggage will be waiting for you.

📍 Day 7 Cilaos - Piton des Neiges Refuge

This morning, you can take a 15 minute bus to the beginning of your hike to avoid around 45 minutes of walking along the road. The shaded path up to tonight's refuge is steep. Along the way there are many beautiful view points to admire Cilaos from. You should find shelter and water halfway up but beware, this water point is not always refilled in times of drought. The climb continues up to rewarding views and around 2500m of altitude.

4 hours of walking

Elevation: +1140m/-50m

Accommodation: Refuge

Night without luggage - you will be reunited with your bags tomorrow.

Day 8 Piton des Neiges - Plaine des Cafres

Nighttime departure for the summit of the Piton des Neiges at 3070m above sea level, the highest point in the Indian Ocean. The views from here are truly amazing and, as your surroundings are illuminated by the first glow of the morning sun, we are sure you will agree that this is a very special place. Return to the refuge for breakfast. Today's route then continues down to the muddy Mare à Boue, along the passage of the eery la Caverne Bras Chansons to the enchanting Piton Tortue and lush green pastures below (amazing for these latitudes). Short transfer from Bourg Murat to your accommodation in la Plaine des Cafres.

8 to 9 hours of walking (we recommend bringing snacks for this morning's summit of the Piton des Neiges)

Elevation: +800m/-1670m

Accommodation: Gîte

Your luggage will be waiting for you.

Day 9 Plaine des Cafres - Gîte du Volcan

Short transfer to re-join the GR R2 path which leads up to the Piton de la Fournaise volcano. This gentle route ventures into a totally new and different natural environment via the Plaine des Sables. A plateau which, formed by a volcanic eruption roughly 1000 years ago, has an alien, desert-like feel to it. Night in the Gîte du Volcan (Volcano Lodge).

6 hours of walking

Elevation: +1000m/-250m

Accommodation: Gîte

Your luggage will be waiting for you.

Day 10 The Piton de la Fournaise

Today you conquer the Piton de la Fournaise - one of the most active volcanoes in the world. A rich world of strange colours, surprising minerals and warped shapes awaits and fumaroles and sulphur reveal glimpses of the intense activity of this unique shield volcano.

6 hours of walking

Elevation: +630m/-630m

Accommodation: Gîte

Your luggage will be waiting for you.

📍 **Day 11** **Gîte du Volcan - Basse vallée - St-Gilles**

The last hike heads around the volcano and down to the coast through the rainforest. Walk along the caldera with its numerous viewpoints of the volcanic surroundings and contrasting bright blue ocean before diving into the rainforest. From mineral rich rocky ridges to the dense flora and fauna of the tropical forest, this is a fine trek to end the trip showcasing Réunion Islands striking contrasts. Transfer to Saint-Gilles to finish.

7 hours of walking

PRACTICAL INFO

Staff

This trip is not necessarily a guided adventure. You will be assisted by one of Altaï Réunions trusty drivers, responsible for your transfers and luggage transportation.

Food

Breakfasts:

Continental style breakfasts are served at your accommodation each morning. You can expect tea, coffee, fruit juice, bread, butter, jam and maybe meats and cheeses.

Lunches:

Not included in the trip price. You can purchase pre-prepared picnic lunches from your accommodation during your stay to carry with you each day. These meals include fresh seasonal produce, cheese, meat, salad and fruit. Please be aware that, due to the inaccessibility of the Réunions remote communes, grocery stores are not always well stocked. We recommend purchasing snacks to carry with you whenever you can.

Dinners:

Hot, hearty, home cooked meals of local cuisine are served at your accommodation. Supplies in this remote area are delivered by helicopter so evening meals may not vary greatly but you sure to love the mix of French, Indian, Chinese and African flavours that is Creole cuisine. The traditional dish is a curry with tomatoes, onions, garlic, ginger and spices served with either chicken, duck or fish and accompanied by rice, grains (beans or lentils) and rougail, a spicy condiment flavoured with tomato, lemon and pistachio.

Drinks:

Drinks, including mineral water, can be purchased at your own expense. Options include local rums, beer or fruit juice. The rum is made by soaking fruits, aromatic herbs and spices in white rum and are served as an aperitif before dinner or as a digestive after a hearty meal. A beer called Dodo is brewed by the same local company and you will have the chance to try succulent fruit juice, freshly made from seasonal fruit.

We recommend purchasing an adequate supply of suitable snacks before your trip to bring with you to avoid be hungry on hikes during the day. We also advice that you bring a good water bottle which can be refilled at your accommodation reducing our collective plastic waste. Please let us know about any dietary requirements when you book this trip and we will work with you to cater for your needs.

Accommodation

Usually our travellers sleep in mountain accommodation with shared bathroom facilities and dormitories of 4 to 10 people (with the exception of one dorm. in a refuge at the Piton des Neiges which sleeps 8 to 16 people). Hot showers are not always free, notably in the Piton de la Fournaise area where water is a rare commodity or in the refuge at the Piton des Neiges where there is no running water.

On certain trips you will be accommodated in bed and breakfasts or 2* and 3* hotels for some nights, including in Cilaos, to maximise your comfort.

Transportation

In-country travel and baggage transfer by private minibus.

On certain trips, due to the absence of roads on Réunion Island, you may not see your larger bags and have to keep your important personal belongings on you for one or more days. This is notably the case when crossing the cirque de Mafate of climbing the Piton des Neiges.

Budget & exchange

The currency is the Euro, € (EUR)

Visit <http://www.xe.com> for the latest currency converter and exchange rates. Sustainable tourism

Altaï always aims to have as little impact on the environment as possible. As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously.

Since the beginning, we have advocated for responsible tourism and the importance of equitable and sustainable principles. Harmonising these fundamentals ensures a fair distribution of economic benefits, improved working conditions for local teams and an increased awareness of the importance and practice of environmental protection.

We kindly request that you adopt the following simple actions when travelling with Altaï Réunion in order to support our ethical, sustainable and responsible tourism policies:

- Avoid dropping litter - use bins or carry your rubbish with you.
- Use drinking water sparingly - avoid wasting water, take showers not baths, report leaks, etc..
- Support the preservation of cultural sites - resist the temptation to touch statues, move stones etc..
- Exchanges are preferable to donations - generations gifts can destabilize the local economic balance.
- When walking, be aware of fragile ecosystems, observe wildlife from a distance, stick to trails, limit trampling and do not steal from the nature - resist the temptation to pick flowers, collect fossils or stones...
- Some hotels have air conditioning - to avoid excessive energy consumption and greenhouse gas emissions, please use sparingly and remember to cut the aircon when you are not in the room.
