Picnic lunches will be provided each day. These will include fresh seasonal produce, cheese, meat, salad and fruit. Please be aware that you will be expected to carry your lunch and water with you each day.

Dinners:

Hot, hearty, home cooked meals of local cuisine are served at your accommodation. Supplies in this remote area are delivered by helicopter so evening meals may not vary greatly but you sure to love the mix of French, Indian, Chinese and African flavours that is Creole cuisine. The traditional dish is a curry with tomatoes, onions, garlic, ginger and spices served with either chicken, duck or fish and accompanied by rice, grains (beans or lentils) and rougail, a spicy condiment flavoured with tomato, lemon and pistachio.

Drinks:

Drinks, including mineral water, can be purchased at your own expense. Options include local rums, beer or fruit juice. The rum is made by soaking fruits, aromatic herbs and spices in white rum and are served as an aperitif before dinner or as a digestive after a hearty meal. A beer called Dodo is brewed by the same local company and you will have the chance to try succulent fruit juice, freshly made from seasonal fruit.

Please let us know about any dietary requirements when you book the trip and we will work with you to cater for your needs.

Sustainable tourism

Altai always aims to have as little impact on the environment as possible. As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously.

Since the beginning, we have advocated for responsible tourism and the importance of equitable and sustainable principles. Harmonising these fundamentals ensures a fair distribution of economic benefits, improved working conditions for local teams and an increased awareness of the importance and practice of environmental protection.

We kindly request that you adopt the following simple actions when travelling with Altai Réunion in order to support our ethical, sustainable and responsible tourism policies:

- Avoid dropping litter - use bins or carry your rubbish with you.
- Use drinking water sparingly - avoid wasting water, take showers not baths, report leaks, etc..
- Support the preservation of cultural sites - resist the temptation to touch statues, move stones etc..
- Exchanges are preferable to donations - generations gifts can destabilize the local economic balance.
- When walking, be aware of fragile ecosystems, observe wildlife from a distance, stick to trails, limit trampling and do not steal from the nature - resist the temptation to pick flowers, collect fossils or stones...
- Some hotels have air conditioning - to avoid excessive energy consumption and greenhouse gas emissions, please use sparingly and remember to cut the aircon when you are not in the room.
